

CEO Update March 2016

Timmins and District Hospital is committed to continually improving our services. That's why we voluntarily participate in accreditation with Accreditation Canada – to learn what we're doing well and where we can improve.

By having external surveyors assess our services against national standards, we are better able to focus our quality improvement efforts.

For more information on the accreditation process we encourage you to visit the following web site:

Or you can contact our Accreditation Coordinator – Natalie Carle at 705-267-2131 extension 2193.
